

Did
you
know...?

Did you know that the specific causes of most developmental disabilities cannot be determined? Of course you did!

But did you know that prenatal exposure to alcohol is the **leading** preventable cause of neurobehavioral disorders and developmental disabilities in western civilization?

Did you know that alcohol causes **more** damage to the developing baby's brain than any other substance?

Did you know that **23%** of pregnant women report drinking during their first trimester?

Did you know that **half** of all pregnancies are unplanned?

Did you know that **1 out of 100** babies is born with a Fetal Alcohol Spectrum Disorder?

Did you know that preventing just one case of Fetal Alcohol Syndrome can save taxpayers **One Million Dollars**?

Did you know that most cases of Fetal Alcohol Spectrum Disorders are undiagnosed, **unrecognized**, and untreated?

Did you know that Fetal Alcohol Spectrum Disorders are **100%** preventable?

Now you know!
